Dear Mr. Reilly:

The delay in responding to your letter of August 20th was a result of happy circumstances of my being on vacation.

Attached is a copy of my remarks to the National Strategy Seminar entitled, "The Economic Front." We are making up an extra set of slides and will forward them to you when they have been completed.

Your interest is appreciated and we are happy to be able to furnish you with this material.

Sincerely,

Enclosure: Lecture to National Strategy
